

New Solutions of Space-Time Fractional Nonlinear Coupled Burgers Equations by Fractional $\exp(-\phi(\xi))$ –Expansion Method

Reviewer 1: --

1. In section three, sentences end with few numbers of the full stop, which needs to be removed.
2. In many places, sentences are started with abbreviations. When it is introduced for the first time, the full form should be given.

Comments to Editor :

1. After modifying the content, paper can be accepted for possible publication.

Reviewer 2: --

1. Paper should be written in JMCMS Journal format.
2. References and in-text citations are not in JMCMS format. Authors need to provide more references, and all references should be sequentially/adequately arranged, as cited in the text.
3. Authors need to describe the literature survey in introduction section more elaborately.
4. Conflict of interest regarding article should be mention in the text.

Comments to Editor :

1. After modifying the content, paper can be accepted for possible publication.

Reviewer 3: --

1. Paper should be written in JMCMS Journal format.
2. Describe clearly the abstract, conclusion and simulation part
3. The conclusion needs to be elaborated to fulfill the paper aim.
4. Conflict of interest regarding article should be mention in the text.
