3. Proper sentence construction in several sections to be modified.

### **Comments to Editor :**

1. After modifying the content, paper can be accepted for possible publication.

### **Reviewer 2: --**

1. Paper should be written in JMCMS Journal format.
2. References and in-text citations are not in JMCMS format. More references should be included and sequentially/adequately arranged, as cited in the text.
3. Introduction part is too short; thus, it cannot reflect the objective of the paper. It is advised to the authors that try to add some significant portion in introduction.
4. In figure 1 & 2, citation is required as the authors demand it is published in 2015 & 2019, and omit full stop in figure naming.
5. The paper describes the implementation of the "A Cloud based centralized smart electricity billing and payment management system" or suggested a billing & payment model; it is not clearly stated. As the result & discussion section is not described clearly. It is advised to authors to strengthen that portion and clearly describe how their proposed methodology works actually.
6. Authors need to Modify Abstract and conclusion more appropriately.
7. Conflict of interest regarding article should be mention in the text.

### **Reviewer 3: --**

1. References and in-text citations are not in JMCMS format. More references should be included and sequentially/adequately arranged,
2. The abstract should be written in a precise manner, so try to reduce the size of the conclusion maintaining the paper's aim and objective.
3. Conclusion should be written in a precise manner. Conclusion and literature review are too short, which does not specify the aim and objective of the paper.
4. Authors need to provide at least 20 references, and all references should be sequentially/adequately arranged, as cited in the text.
5. Conflict of interest regarding article should be mention in the text.
