Comments to Editor :

1. After modifying the content, paper can be accepted for possible publication.

Reviewer 2: --

1. Paper should be written in JMCMS Journal format.
2. References and in-text citations are not in JMCMS format. More references should be included and sequentially/adequately arranged, as cited in the text.
3. In this paper, the literature review is missing, so; current research is not sated in this paper. The authors need to discuss the literature study in the introduction. Authors are advised to add a comparative study with existing similar implementation; otherwise, the research's impact is not established.
4. All the equations should be typed only in equation editor, and maintain the uniform size, equation 4 having size 12 while others are in 10. Suffix under character is given in many places. However, it is noticed that the suffix size is larger than the character size, which looks very odd.
5. Authors need to Modify Abstract and conclusion more appropriately.
6. Conflict of interest regarding article should be mention in the text.
